Zellij Gallery to appear at Kitchen & Bath Industry Show in Las Vegas in January

Los Angeles based Moroccan tile company, Zellij Gallery, will appear at the Kitchen & Bath Industry Show in Las Vegas 19-21 January 2016 Booth S7090, armed with new and exciting, handcrafted and authentic Moroccan tile designs.

Zellij is a family business with staff in Fez, Morocco, as well as Los Angeles, and every tile is genuine and unique, crafted by highly qualified artisans called 'Maallems'.

Director of Design and Development, Faissel Farhi, said the handmade process reflects the company's commitment to integrity and originality, and most of all providing customers with a superior quality product.

"Moroccan tiles are our passion and our craft, and our mosaic masons create each and every Zellij tile with the skills and techniques that have been practiced in Morocco for thousands of years by our ancestors before us," Mr Farhi said.

Zellij Gallery tiles are a unique choice suitable for bathrooms, kitchens, flooring, and grand entranceways, as well as outdoor entertaining spaces and swimming pools.

It is this versatility, and a reputation for consistently high quality products, that has piqued the interest of many innovative architects and interior design firms across the country and internationally.

For further information about Zellij Gallery, visit the showroom at 511 North Robertson Boulevard, West Hollywood, or phone 323-804-0503.
