Rolf Glass Announces Wine Regions of the World

Rolf Glass is pleased to announce the Wine Regions of the World tumblers. This unique, original Rolf Glass design adorns both, a stemless 21oz red wine tumbler, and a stemless 15oz white wine tumbler. Each glass individually sand-etched to produce a charming image on lead free glass.

Although there are many formidable wine regions in the world, our designer has focused on 4 celebrated regions distinct for their mark left on the wine industry. Italy is home to some of the oldest vineyards in the world. France has undisputed bold flavors of every variety, including the originators of Champagne. Argentina is much celebrated for its Malbec's as well as the climate remains ideal for insect free vineyards and even organic production. Lastly, California is quickly rising to the top of many connoisseurs' favorite lists with its consistent climate and abundant landscape; California wines are some of the worlds finest.

Dishwasher safe and 100% made in the USA. The Wine Regions of the World collection come in mixed sets of 4 (one of each design.) These stemless wine tumblers are sure to be a delightful reminder to taste flavors from all over the globe. Makes an ideal hostess gift or a charming addition to your glassware collection.
