

Mrs Moore's Vintage Store is a timeless online boutique offering a nostalgic range of tea sets, textiles, dinnerware and stationery. All of the ceramics are proudly made in the potteries of Stoke on Trent, each piece silk screen printed by hand, layer upon layer, for an impressive depth of colour.

A future heirloom, **Metamorphosis** is the latest collection, inspired by founder and designer Ana Moore's love of eccentricity and fun and includes six charismatic anamorphic personas including Cockerel, Kestrel, Owl, Sparrow, Parrot and Hoopoe.
