

Introducing

****FOR IMMEDIATE RELEASE****

LEHI UT, 10/1/18 Alpine Products is proud to introduce a new line of supplements designed for the outdoor enthusiast. Body Fuel provides hunters and hikers alike a great tasting supplement made to enhance focus and provide energy without the jitters. It keeps you in the “zone” so that you can enjoy the outdoor experience. Alpine has blended the most effective compounds together to make this product stand out from other products on the market. Some of the components include

- Acetyl-L-Carnitine, Alpha GPC, Huperzine A and L-Tyrosine for brain function, cerebral alertness and mental performance.
- Beet Root Extract, L-Arginine for improved blood circulation.
- Beta Alanine, Caffeine, L-Citrulline for energy, endurance and strength.
- Coconut Water for hydration support.

Add one 10 Gram stick to 20 oz. water for 8 hours of Body Fuel benefit. For years Alpine has brought you outdoor products and accessories that protect your optics and equipment. With the addition of Alpine Body Fuel to compliment our outdoor gear, the outdoor experience is now complete.

###
