

Krudo Knives

When What You Carry Matters

BOOTH 552

KRUDO Knives started with a vision of what a knife should be, ignoring traditional designs from those set in their ways. Our products merge the perfect design and craftsmanship, with decades of experience, bringing the production, custom knife experience you deserve. It only takes a moment, that first moment when you grasp a KRUDO knife, to feel the quality and understand the power of Louis Krudo's designs. From expertly balanced folding knives and compliance tools, to the best hunting knife you'll ever own, KRUDO Knives has the solution that simply works. Dynamic enough for the modern urban environment, yet versatile enough for the great outdoors, gear up and prepare for the worst while hoping for the best! Just know that when you carry a KRUDO, you're ready for whatever life may throw your way.
