

# Top Brass, LLC

## *Re-Spec the Shot*

As the industry-leading brand for reconditioned, respec'd brass and pull-down bullets, **TOP BRASS** is excited to reintroduce the 50BMG – 647gr. FMJ bullets. Always in high demand, these projectiles are prized by the long-range shooters. Priced substantially lower than new bullets (40% or more), Top Brass' pull-downs are always the best value.

Top Brass also offers reloading trays and boxes to keep the reloads in order. Additionally, come see our Special Opportunity buys – a vast assortment of high-quality brass in other popular calibers. True reloaders know Top Brass.
