NEW PRODUCT RELEASE: DELTA KWIK AR15 RAPID REMOVAL HANDGUARD TOOL
Removes AR15 handguard in 5 seconds or less

Harrisonburg, VA December 7, 2018- Delta Kwik LLC announces the release of the new Delta Kwik AR15 Rapid Removal Handguard tool.

Dubby Carr, inventor; **“While rigging out an AR I thought, ‘there just has to be a better way to do this’. We have now invented a better way. The Delta Kwik tool easily slips into the Magazine well of the AR. With one turn of the Delta Kwik handle, it compresses and holds the delta ring down allowing for easy removal of the hand guard without adjusting or removing most optics and accessories.”**

Private gun owners, gun shops, law enforcement and military will find the Delta Kwik Rapid Removal Handguard tool a great addition to their tactical tool kit.

Ryan B., **-Delta Kwik is a brilliant product that has already saved me hours of effort and frustration. Anyone who owns an AR15 should make it a priority to own one of these.**

Delta Kwik will be joining an amazing list of more than 1,600 exhibitors at the 2019 SHOT Show[®], January 22–25, at the Sands Expo Center in Las Vegas, Booth 966.

The SHOT Show is the world’s most comprehensive tradeshow for professionals involved with the shooting sports, hunting and law enforcement industries. It attracts an impressive 64,000 industry professionals from all 50 U.S. states and more than 100 countries.
