

## **PRESS RELEASE**

*December 11th, 2018*

**BATTLEARMS™** will showcase the new **OIP® Gen 2 Ultralight Rifle** at **SHOT SHOW 2019**.

The rifle that started the lightweight trend in the AR industry is back and better than ever! After a “No Compromises” upgrade, **BATTLEARMS™ OIP® Gen 2 Ultralight Rifle** (otherwise known as “**Ounces Is Pounds**”) is now even lighter than before at **3.8lbs!** The Gen 2 design takes lightweight to new heights with virtually all custom **BATTLEARMS™** components. Aerospace Grade Carbon Fiber Handguard & Pistol Grip, Titanium BCG with ArmorTi™ coating, Titanium Billet Bolt Catch, Titanium **THUMPER™** Muzzle Brake, Patented OIP® Buffer & Stock System and Structurally Engineered Lightweight 7075-T6 Billet Aluminum Receivers are among some of the **BATTLEARMS™** lightweight components that makes up the **OIP®** Ultralight Rifle.

Stop by the **BATTLEARMS™ Booth # 6103** at **Shot Show 2019** to get an up close look at the **OIP®** Ultralight Rifle.

**BATTLEARMS™** is a recognized manufacturer of next generation firearms and firearm components through innovative engineering and functionally aesthetic designs.
